# SPEAKERS

## Strategic Management of Healthcare in an Ageing Society: Experience from Japan

**Professor Toshihiko HASEGAWA**

President, Future Health Research Institute, Japan

Prof. Toshihiko Hasegawa, M.D., MPH., Ph.D. is President of Future Health Research Institute since 2014, and retired Professor of Nippon Medical School after a long career in Japanese government including development of elderly care policy and management of Japanese national hospitals. He graduated from Harvard School of Public Health for MPH in 1981, from Osaka University Medical School for MD in 1972, and finished General Surgical Residency in Milwaukee, Wisconsin. He taught at many medical schools in Japan as visiting professor for health policy and hospital management. He did research on health policy, health sector reform, planning and evaluation of disease management program, hospital strategic management, international health and integrated

community care system. He started the legendary network of health policy researchers in Asia “Dragon Net” in 1998 and is currently involved in a project on “Health for next 120 years” by Japanese Association of Medical Sciences. Dr Hasegawa published many papers and books about ageing society, international health, health policy, hospital management, health care delivery system and safety and quality of care including the Hospital Strategic Management in 2002 that was translated in Korean, Thai, Russian and Chinese and the International Symposium on Health Transition and Health Sector Reform in Asia in 1998, and Health Care System Reform and Health Policy Research in Japan : Health Care Policy in East Asia Volume 2, a World Scientific Reference in 2020.

## Healthcare Reform Challenges and Potentials: The Way Forward for Hong Kong and the GBA

**Professor Peter P. YUEN**

College of Professional and Continuing Education,  
The Hong Kong Polytechnic University

Prof. Peter P. Yuen is Dean of the College of Professional and Continuing Education (PolyU CPCE) of The Hong Kong Polytechnic University (PolyU). He is also Professor of PolyU's Department of Management and Marketing. He received his Bachelor of Arts degree in Cellular and Molecular Biology and Master in Business Administration degree from the State University of New York at Buffalo, USA, and his Doctor of Philosophy degree in Health Economics from the University of Birmingham, UK.

Prior to his appointment as Dean of CPCE, Prof. Yuen held a number of management positions at PolyU, including Associate Vice-President (Management), Director of the Public Policy Research Institute, and Head of the Department of Management. He was also the Founding Director of the Doctor of Business Administration programme in the Faculty of Business.

Prof. Yuen's research mainly focuses on public policy formulation and evaluation, and health services management. He is the Co-Editor-in-Chief of Public Administration and Policy and an Editorial Committee member of Asia Pacific Journal of Health Management.

He was also a consultant for the Hong Kong Special Administrative Region (HKSAR) Government and the Bauhinia Foundation on a number of public policy related projects including the West Kowloon Cultural District, Sustainable Built Environment, Subsidised Homeownership, Managed Care in Hong Kong, and Health Systems Reform.

Prof. Yuen is currently the immediate Past Chairman of the Federation for Self-financing Tertiary Education (Hong Kong). He has served as a member of the HKSAR Government Manpower Development Committee, Health and Medical Development Advisory Committee, and the Committee on Self-financing Post-secondary Education. He is a Founding Fellow of the Hong Kong College of Health Services Executives, and an Honorary Fellow of the Australian College of Health Services Management. He once served as Vice-President of the Chinese National Institute of Health Care Management Education, and President of the Hong Kong Public Administration Association.

## Developing a Competency Framework for Hospital Administrator: Experience of Australia

### Dr Zhanming LIANG

Associate Dean of Research Education, College of Public Health, Medical and Veterinary Science, James Cook University, Australia

Dr Liang is a leading researcher in management competency and management workforce development in the health sector with expertise in healthcare quality and patient safety, project planning and evaluation, evidence-informed decision-making, and health system design and improvement. Dr Liang has trained many managers and leaders working in different health sectors in developing their management capacity in Australia and South-East Asia for the past decade. As President of the Society for Health Administration Programs in Education, Dr Liang has played a leading role in shaping the health management workforce capacity development in Asia Pacific.

Dr Liang was medically trained and worked as a physician, planning and evaluation consultant and senior manager before embarking her academic career and completed a PhD (health reforms and management workforce development) at Griffith University and Graduate Certificate in Safety, Quality, Informatics and Leadership at Harvard University. The Management Competency Assessment Tool (MCAP Tool) that Dr Liang and colleagues developed and validated has been used to assess the competence of middle and senior level managers and leaders working in the health sector providing evidence to guide management capacity building in the system, organisation and individual levels.

## Observations on Healthy China 2023

### Professor Gordon LIU

Peking University BOYA Distinguished Professor of Economics, PKU National School of Development  
Dean, PKU Institute for Global Health and Development

Prof. Gordon G. Liu, PhD., is Peking University BOYA Distinguished Professor of Economics at PKU National School of Development, Dean of PKU Institute for Global Health and Development, Director of PKU China Center for Health Economic Research, Academic Committee Chair for PKU Institute of Educational Economics, and 2022 elected member of the Chinese Academy of Medicine. For social responsibilities, Prof. Liu currently serves as co-organizer for the “US-China Track II Dialogue on Health”, and sits on the China National Expert Panel on COVID19, and the State Council Health

Reform Advisory Commission. He also has served as associate editor for academic journals including China Economic Quarterly, Health Economics, and the Editor-in-Chief for China Journal of Pharmaceutical Economics. Prior to joining Peking University, he was on fulltime faculty at University of Southern California, and University of North Carolina at Chapel Hill. He was the 2004-2005 President of Chinese Economists Society (CES), and the 2004-2006 President of ISPOR Asian Pacific Consortium.

## Direct Economic Burden of Alzheimer's Disease and Parkinson's Disease Among Patients Covered by Health Insurance in GBA

### **Dr Hui ZHANG (Vivienne)**

Associate Professor, Department of Health Policy and Management, Sun Yat-sen University, China

Dr Hui Zhang is Associate Professor in the Department of Health Policy and Management, School of Public Health, Sun Yat-sen University of China. Her research interests are health insurance reform, economic burden of diseases, health policy evaluation, and cost-effectiveness analysis. She is now the member of Health Insurance Professional Committee of the Chinese Society of Health Economics; the member of Health Services Management Division of the Chinese Preventive

Medicine Association; and the member of Guangdong Province Society of Health Economics. She has got more than 10 grants including the National Natural Science Foundation of China; the Natural Science Foundation of Guangdong Province; China Medical Board Open Competition Research Project, and published more than 30 international and domestic journals such as Social Science & Medicine, BMC Health Services Research.

## Patient Empowerment in GBA – What can we do?

### **Professor Cecilia L. W. CHAN**

Professor Emeritus, Department of Social Work and Social Administration, The University of Hong Kong

Prof. Chan is a pioneer in promotion of community health and patient empowerment in Hong Kong. She had contributed to the establishment of the Community Rehabilitation Network of Hong Kong Society for Rehabilitation, Alliance of Patients' Self-help Organizations, Cancer Support Services of the Hong Kong Cancer Fund, community bereavement support services of the Society for the Promotion of Hospice Care and Hospital Patients' Resource Centers in public hospitals in Hong Kong since the 1990s. Professor Chan is instrumental in promoting holistic care for patients throughout their trajectory of illness, from prevention, health awareness raising, early diagnosis, living with disabilities, chronic disease self-management, active rehabilitation,

end-of-life and bereavement care. She adopted a strength-based approach to promote resilience and transformation through pain, patient survivors reach out to empower other newly diagnosed patients. Her research provided evidence on the cost-efficacy of patient empowerment programs in saving expansive hospital bed-days and improving quality of life. She founded the Centre on Behavioral Health which incorporated Eastern philosophies and Traditional Chinese Medicine practices into her patient Integrative Body-Mind-Spirit (IBMS) empowerment programs which can lead to biomarkers such as salivary cortisol as well as IL6 and telomerase in blood.

## Ageing in Place via Telehealth: A case study of Singapore

### **Dr Sabrina Ching Yuen LUK**

Assistant Professor, School of Social Sciences,  
Nanyang Technological University, Singapore

Dr Sabrina Ching Yuen Luk joined School of Social Sciences of Nanyang Technological University, Singapore in July 2017. Prior to this, she was Adjunct Associate Professor at the Open University of Hong Kong (January-June 2017), Visiting Lecturer at School of Professional Education and Executive Development of PolyU (January-June 2017), and Associate Professor at Kunming University of Science and Technology, China (2013-2016). She holds both Bachelor of Social Science (First Class Honours) and M.Phil from the Chinese

University of Hong Kong and Ph.D. from the University of Birmingham, the United Kingdom.

Dr Luk was a recipient of the 2012 Michael O'Rourke PhD Publication Award at the University of Birmingham for her research contributions and publication record. She was also the Highly Commended Award Winner of the 2013 Emerald/EFMD Outstanding Doctoral Research Awards in the Healthcare Management Category.

## Integrated home care & inpatient computer system for hospice & palliative care

### **Dr CHAN Chung Yee Hubert, JP**

Chairman & CEO, HKC International Holdings Limited, Hong Kong

Dr Chan Chung Yee Hubert, JP is the Chairman of HKC International Holdings Limited. Dr Chan joined the Group in 1984 and is responsible for the formulation of corporate strategies and business and product development of the Group.

Dr Chan has over 35 years of experience in ICT industry. Under his leadership, the Group was listed in The Stock Exchange of Hong Kong Limited in 2001 (Stock code: 248). The Group is now engaged in distribution and retail of digital products, product development of RFID, home automation, and AIoT in healthcare sector in Hong Kong, China and the Asia Pacific Region.

Further, Dr Chan is very active in promoting the ICT industry in Hong Kong. He had served in the Executive

Committee of Communications Associations of Hong Kong ([www.cahk.hk](http://www.cahk.hk)) for over 10 years and was elected as the Chairman of the association from 2006 – 2012. Dr Chan also is the Chairman of GSI Hong Kong EPC Partners Advisory Board for 2010-2012, the Chairman of Advisory Committee of Green ICT Consortium (2009-2011), the Council member of Hong Kong Federation of Youth Group (since 2010). He is the Council member of Society for the Promotion of Hospice Care (since 2005) and elected as Chairman from 2017-2020. Dr Chan also awarded The Hong Kong Polytechnic University's Ninth "Outstanding Alumni Award" to tribute to his remarkable professional achievements and contributions to his alma mater as well as the community. Dr Chan has been appointed as a member of Communications Authority in 2020.

## Manpower Challenge in the Healthcare Industry within HK and GBA

**Dr The Honourable LAM Ching-choi, SBS, JP**

Chief Executive Officer, Haven of Hope Christian Service, Hong Kong

Dr Lam Ching-choi is a specialist in paediatric and community medicine and is currently the Chief Executive Officer of Haven of Hope Christian Service. Under his leadership, Haven of Hope Christian Service is one of the pioneers in the provision of holistic care for the elderly in Hong Kong.

Dr Lam is a non-official member of the Executive Council of the Government of the Hong Kong Special Administrative Region. He also served as the Chairman of the Elderly Commission and the Council for Sustainable

Development to advise the Government on the related policies. He is also the Supervisory Board Member of the Hong Kong Housing Society.

Dr Lam was awarded the Silver Bauhinia Star in 2019. Apart from receiving Honorary Fellowship from Lingnan University in 2018, he was also given the Ageing Asia Global Ageing Influencer Award (Special Recognitions) for his devotion to public services and his influence on policy-making for the global ageing trend.

## SPEAKERS

### Patient Empowerment in GBA – What can we do?

#### Dr POON Tak Lun

Consultant, Department of Rehabilitation, International Medical Center, The University of Hong Kong - Shenzhen Hospital

Dr Poon is an expert in community rehabilitation, disaster relief, emergency management, dedicated to social services as a volunteer to Red Cross and Hong Kong Society for Rehabilitation... He is an expert in orthopedics and rehabilitation, he had served in the Queen Mary Hospital and the University of Hong Kong.

Dr Poon is currently Consultant in orthopedics and rehabilitation in the HKU-Shenzhen Hospital. He spent a lot of time working with patients as well as explaining to the family on the treatment goals and rehabilitation plans. Dr Poon also extends his clinical care to the Yee Hong Height in

Shenzhen. Yee Hong Height is a long stay care facility for older adults from Hong Kong. The residents receive financial support from the Hong Kong Government. This is one of the first GBA social-medical collaboration in the past decades.

Being a caring and committed medical doctor, Dr Poon initiated a lot of innovative care programs in Hong Kong and China such as support for injured workers throughout their process of rehabilitation, crisis management especially in cases of natural disaster and chaos with large numbers of injuries and trauma.

### Rehabilitation Services in an Ageing Society: Potentials in Hong Kong and GBA

#### Professor Leonard Sheung Wai LI

Honorary Clinical Professor, Department of Medicine, The University of Hong Kong

Prof. Leonard S.W. Li is currently the Director of Virtus Neurological Rehabilitation Centre. He is also appointed as Honorary Clinical Professor of Department of Medicine, LKS Faculty of Medicine, HKU. He has been closely linked with the rehabilitation development in Mainland China in last 30 years and appointed as Advisor to the Chinese Association of Rehabilitation Medicine. Locally, he is also taking the position of Chairman of the Hospital Governing Committee of Shatin

Cheshire Home. Internationally, he is the Immediate-Past President of International Society of Physical and Rehabilitation Medicine and Advisor of the Division of Rehabilitation of Cochrane Research. He was also President of World Federation for NeuroRehabilitation (WFNR) in Year 2018-2021. He received the Award of Honorary Membership from WFNR this year for cognition of his work in the field of Neurological Rehabilitation internationally.

## Programme Rundown

Time	Venue	Event
9:00 am – 9:15 am	Outside UG06	<b>Registration and Coffee</b>
9:15 am – 9:45 am	UG06	<b>Opening Remarks</b> Prof. Peter P. YUEN ( <i>Conference Chair and Dean, PolyU CPCE</i> ) <b>Welcoming Address</b> Ir Prof. Christopher CHAO ( <i>Vice President (Research and Innovation), PolyU</i> )
<b>Keynote Presentation I - III</b>		
9:45 am – 10:05 am	UG06	<b>Strategic Management of Healthcare in an Ageing Society: Experience from Japan</b> Prof. Toshihiko HASEGAWA ( <i>President, Future Health Research Institute, Japan</i> ) Moderator: Prof. Peter P. YUEN ( <i>Conference Chair and Dean, PolyU CPCE</i> )
